Who are we?

The Verein für Internationale Jugendbegegnung e.V. is an association from Grafting that promotes intercultural exchange between young people from different countries.

What do we do?

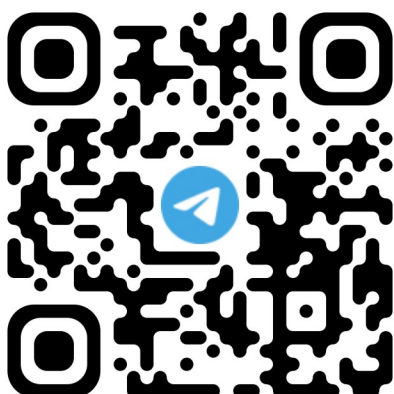

To make this exchange possible, exchange camps for young people take place every summer together with partner organizations from Romania and France. In addition to these camps, we also organize other activities for children and young people. This program booklet contains all dates for activities in the period October 15th, 2022 - December 1st, 2022. There is also an info flyer with more detailed information for each activity.

How can I participate?

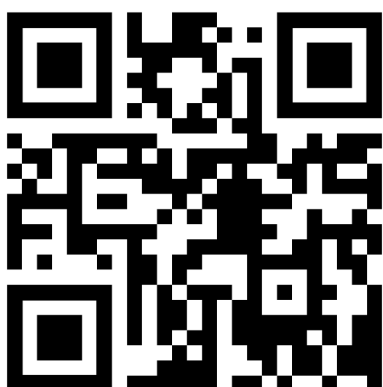

To take part in our activities, simply print out the registration form for the relevant activity, fill it out, sign it and send a photo of it to "denys.schroeter@i-jb.org".
